

B E E C H M O N T
GARDEN RETREAT

Beechmont Garden Retreat is home to a guest residence that can be booked for short term stays, surrounded by formal and rambling gardens across ten acres at Olinda, in Melbourne's Dandenong Ranges. The spaces in Beechmont's Guest Residence are generous and beautifully appointed. The accommodation can sleep from 2-8.

The two living areas both have picture

windows with an outdoor vista. The main living area is sizable and beautifully furnished. It features parquet flooring, one of two dining areas, an open fireplace, and a large coffee table stacked with wonderful books on art, history, gardens and travel.

The smaller of the spaces is the most casual and great for sprawling on cushions in front of the TV, or allocating as the games room.

The large chef's kitchen is fully equipped with two oversized ovens, and seamlessly services both living areas as well as a 'snug' area in front of a welcoming Coonara heater.

The two dining areas offer casual and refined dining options during your stay. One dining area features a rectangular table that seats up to 8 and the other features a round table to suit 4 guests.

Beechmont's four bedrooms will sleep up to 4 couples. The two largest bedrooms have recently been renovated to both feature ensuite bathrooms and king-sized beds, one of which can be split into two beds if required.

The third and fourth bedrooms at the other end of the residence feature queen-sized beds, and share the same bathroom.

Wandering about the gardens and the interiors of Beechmont is a wonderful sensory experience – a heady mix of colour, fragrance and natural texture sure to surprise, calm and captivate.
